

VOTE - Voter Outreach Through Education
Washington Secretary of State

**CURRICULUM GRADES K-4
STUDENT HANDOUT, LESSON 1**

THEME: FAIRNESS AND DIVERSITY WITH ONE VOTE

Conduct a poll to find out favorite foods. Ask friends, family, teachers, and others what their favorite food is. After we have collected this information, we will tally the information and look at class results.

Now ask students and others from other cultures what their favorite foods are. We will tally that information and discuss the differences.
